

Puppy small, medium, large

Supplied through Crystal Clear pet products

01782 520376

Category: Taste (see pyramid overleaf)

Formats: 400 g, 2 kg and 12 kg

Croquette features: In **SMALL** cylinder-shaped with a diameter of 0.6 cm and width of 0.2 cm. In **MEDIUM** triangular-shaped measuring 1.2 cm per side. In **LARGE** triangular-shaped measuring 1.6 cm per side

Ingredients:

SMALL

With chicken and rice: chicken (of which fresh meat >24%), brown rice (>26%), maize gluten meal, beet pulp, chicken oil, sunflower oil, alfalfa, salmon oil, yeast, thyme and sage, yucca extract, green tea extract, grape seed extract, citrus extract, minerals and vitamins.

Moisture 8%, raw protein 30%, raw fat 14%, raw ash 6%, raw fibre 3%. 3860 kcal/kg.

Specific characteristics: FOLIC ACID (vitamin B9), group B vitamin that has a preventive action on genetic disorders.

MEDIUM

With chicken and rice: chicken (of which fresh meat >24%), brown rice (>19%), maize gluten meal, chicken oil, beet pulp, sunflower oil, alfalfa, salmon oil, yeast, thyme and sage, yucca extract, green tea extract, grape seed extract, citrus extract, minerals and vitamins.

Moisture 8%, raw protein 31%, raw fat 20.5%, raw ash 7.5%, raw fibre 3%, glucosamine sulphate 0.55 g/kg, chondroitin sulphate 0.5 g/kg. 4017 kcal/kg.

Specific characteristics: (please see below)

LARGE

With chicken and rice: chicken (of which fresh meat >26%), brown rice (>26%), maize gluten meal, chicken oil, beet pulp, sunflower oil, alfalfa, salmon oil, yeast, thyme and sage, yucca extract, green tea extract, grape seed extract, citrus extract, minerals and vitamins.

Moisture 8%, raw protein 32%, raw fat 14%, raw ash 6%, raw fibre 2%, glucosamine sulphate 0.7g/kg, chondroitin sulphate 0.7g/kg. 3710 kcal/kg.

Specific characteristics: Medium and Large: CHONDROITIN SULPHATE AND GLUCOSAMINE, chondroprotective agents that have a targeted action on the growth of joints. By feeding medium and large breed puppies with Holistic Croquettes daily, suitable supplementation is guaranteed promoting correct joint development and reducing the risk of future arthritis.

Weaning:

Weaning is an important and delicate phase; we therefore recommend using Holistic Puppy together with Almo Nature Puppy 400g / 150g wet food and/ or Jelly Puppy 150g, in the following proportions: 70 % dry food and 30% wet food.

Changing from Puppy to Adult diet:

- For Small breed dogs from 9-12 months
- For Medium breed dogs from 12-15 months
- For Large breed dogs from 15-18 months
